

K-Love stands threatened by the possible expansion of LPFM. Please note that as you folks seek to deal with many radio stations/personalities that break your rules and contribute to a decline in morality in this country, K-Love uplifts, encourages and helps many in the community. K-Loves raises money to assist many people in this country as well as others. It allows me to know what contributions I can make. Expansion of LPFM will affect K-Loves' contribution to our society. Thanks for allowing us to write to you.
